

HUSKY®

Portable Containment

VOTED NEW PRODUCT OF THE YEAR FOR 2015! HUSKY'S NEWEST TANK LINER

THE PRO500®

PATENT PENDING

THE PRO500® ADVANTAGE

- Fits in your standard tank rack and any standard frame including our Skinny® Tank, which works great on one-lane back roads!
- No need to remove frame uprights with PRO500® Liner
- Minimal setup - unfold, unhook & Go!
- Bladders can be deployed and folded by just one person!
- On a slope? No problem! Bladders will not cause PRO500® to roll over!
- Need more gallons? Deploy as many bladders as needed or use as a regular tank
- The PRO500® bladders can be custom sized. Bladders can be added and made of different sizes.

All Husky folding frame tanks come standard with our patented "Easy Lift Handles" (US Patent No. 8,746,478 and other patents pending).

Four bladders, two on each folding side. Each bladder can be deployed independently

Adds up to 500 gallons, transforming a 2100 gallon tank into a 2600 gallon tank

Fits into your existing frame, meaning you can save money & add capacity
